

CLS Seals & Seal Bags

CLS is a distributor of seals and seal bags produced by Harcor.

Harcor, in conjunction with casino gaming managers from around the world, have developed a range of bags for the secure transportation of gaming devices, e.g. roulette balls, dices, Pai Gow tiles, playing cards, etc. All bags are re-usable and sealable. The seals can be customized to suit individual departments and are available in a range of colours. Each seal carries a unique recordable sequential number.

Pull Grip seal

- utilised at discard holders, wheel covers, note cassettes, CPU tray-doors
- One direction sealing making it impossible to apply seal incorrectly. Seal made of Polypropylene with a breaking strength strain of approximately 15 kg.
