

CLS trolleys

CLS develops all kinds of trolleys - either standard or custom made - to transport your valuable funds.

Our trolleys provide the perfect combination of functionality, security and cost-efficiency.

High quality wheels guarantee smooth and easy transportation, while ergonomic handles, powder-coated frames, magnets on the doors, rubber on the shelves and of course your own lock-plan security lock all provide a first-class and durable product.

CLS has a unique mechanism that securely locks the cash & tip boxes into the trolley. This is the most secure way to transport the boxes from the gaming floor to the vault/count room. No key is needed to lock the boxes into the trolley and the trolley key can then release all the boxes simultaneously for the count. This key is your second level of security.

Cash & Tipbox Trolleys

- Box locks automatically (no use of key)
- Central locking system releases all boxes
- 4 swivel wheels, 160 x 50 mm
- 2 ergonomic handles
- Top frame on tip box trolley for X-small boxes

CONFIGURATIONS

- Cash: 12 / 16 / 20 boxes
- Tip: 12 / 16 / 20 boxes
- Tip: 24 / 32 / 40 boxes
- Cash & Tip: 6 + 6 boxes
- Cash & Tip: 8 + 8 boxes
- Cash & Tip: 10 + 10 boxes

CLS BV trolleys are used when working with a double set of stacker boxes. The trolleys are heavy-duty format and available in different sizes. Each trolley is equipped with two or four doors (180 degree opening) for easy access. Each shelf holds 10/12/20 BV-boxes from any supplier.

BV-Stacker box Trolleys

- BV-stacker box trolley, 40/48/60/80/100 pcs
- Size BV 60/80/100: 120/134 x 50 x 100/125/150 cm's (L x W x H)
 - Size BV 40: 60/74 x 50 x 125 cm's (L x W x H)
 - Size BV 48: 70/84 x 50 x 125 cm's (L x W x H)
 - 2/4 doors, 180 dgr. opening, inc. magnet
 - 1 or 2 push locks at each door
 - 1 or 2 push locks at each door
 - Rubber on shelves
 - 4 swivel wheels, 160 x 50 mm
 - 4 ergonomic handles

CLS seal bag trolleys are used when working with a single set of stacker boxes. The boxes are emptied onto the top of the trolley next to the machines and the contents are put into a disposable, transparent bag. The bag is then dropped into the top opening of the trolley. Once in the trolley, access to the bags is prevented by the top security panels. The container holds 80-100 bags. This trolley is available with a larger/smaller size or double container, on request.

Seal Bag Trolleys

- Standard size: 90 x 45 x 90 cm (L x W x H)
- Drop-in opening at top, security shields for anti-picking of the seal bags
- Double side doors with 3 bars, 1 or 2 cam locks
- 1 ergonomic handle
- 4 swivel wheels, 100 x 35 mm

This trolley holds various components such as chip racks and bags with coins/tokens. It is used as a fill and credit trolley for the pit stands, tables and hopper refills. Four strong swivel wheels and handles on both sides ensure easy transportation. The trolley features two doors, 180 degree opening, each with two push locks for double security.

Pit Stand Trolleys

- Size: 90 x 56 x 98 cm (L x W x H)
- 2 doors each with 1 or 2 push locks
- 3 shelves
- 4 swivel wheels 195 x 50 mm

- Size: 92 x 56 x 100 cm (L x W x H)
- 2 doors each with 1 or 2 push locks
- 20 drawers each for 2 chip racks of 300 chips
- 4 swivel wheels 160 x 50 mm
- 4 ergonomic handles

Each drawer holds two (Holland Casino) chipcracks of 300 pcs.

The soft cash and tip boxes are developed to safe weight up to 75%. The advantages are its ergonomic aspect as well as less damages to table tops. The box is made from a very strong PVC coated nylon, PVC frame and stainless steel door. The sliding mechanism is also made of stainless steel for smooth operation. A security mechanism protects the opening in the box from fraud during transport. Together with the especially developed soft box trolley, you have a lightweight and secure solution for the clearance of your table boxes.

Soft Box & Trolley

- Size cashbox shield: 315 x 215 x 215 mm
- Size mini cash & tip box shield 215 x 160 x 215 mm
